Possibilities for 2018

Happy New Year and welcome to our new Lakecrest families.

At the first assembly of the year, we talked about the *possibilities* at Lakecrest for 2018. It is so exciting to imagine new *possibilities* and work towards making them a reality. Keeping our vision of **International Mindedness** and **Educational Excellence** at the heart of all that we do is going to be key to moving towards our school vision, and achieving the best educational environment for our amazing students. We look forward to continuing this journey together and exploring new and exciting possibilities.
